

Terms & Conditions - Package for International Destinations

- Subscribers can be informed about the available airtime balance of the package through MY COSMOTE App, by sending the "Y" message free of charge at 1330 or with a free call at 1314.
- Embedded minutes are consumed per second with a minimum charge per call of 3 minutes.
- The airtime is valid for 1 month from the activation of the package, and any embedded use not consumed within 30 days cannot be transferred at a later time
- In the case of multiple purchases of the same package, airtime of each packet is consumed independently, and priority is given to the bundle with the nearest expiration date.
- Each package can be activated up to 4 times in a calendar month. The packages for Albania and Italy can be activated up to 2 times in a calendar month.
- After expiry of the bundle validity period or the consumption of the embedded usage, charges of the price list will be applied.
- Consumption of available minutes to international destinations is not available for use in roaming.
